| <b>Acidité Totale</b>         | 6.1 g/l                                                                                                                                                                                                                         |
| <b>Color</b>                  | Light yellow                                                                                                                                                                                                                    |
| <b>Degustation</b>            | Citrus notes with white stones and white stone fruits, some grassy notes too - a little funk but very entertaining. A refreshing appetizer, light and energetic, but a power and an intensity of fruits and minerality abundant |
| <b>Temperature Of Service</b> | 10-12 °C                                                                                                                                                                                                                        |
