| <b>Sols</b>                   | Gneiss Marl Limestones                                                                                                                                                    |
| <b>Altitude Des Vignes</b>    | 250-300 meters above sea level                                                                                                                                            |
| <b>Orientation</b>            | South East                                                                                                                                                                |
| <b>Cépages</b>                | 100% Syrah (30 ans old vines)                                                                                                                                             |
| <b>Viticulture</b>            | Certified Organic                                                                                                                                                         |
| <b>Palissage</b>              | Gobelet à plat "Candelabre"                                                                                                                                               |
| <b>Pi/Hect</b>                | 5 000 ft/ha                                                                                                                                                               |
| <b>HI/Hect</b>                | 35 hl/ha                                                                                                                                                                  |
| <b>Vendanges</b>              | Hand harvested                                                                                                                                                            |
| <b>Vinification</b>           | No destemming, light crushing. 10-12 days of maceration with submerged cap, no extraction.                                                                                |
| <b>Levures</b>                | Indigenous                                                                                                                                                                |
| <b>Élevage</b>                | 6 months on the lees in concrete tank. No SO2 added.                                                                                                                      |
| <b>Volume D'alcool</b>        | 13% alc./vol.                                                                                                                                                             |
| <b>Sulfites</b>               | 20 mg/l                                                                                                                                                                   |
| <b>Sucre Résiduel</b>         | < 1 g/l                                                                                                                                                                   |
| <b>Acidité Totale</b>         | 4.5 g/l                                                                                                                                                                   |
| <b>Color</b>                  | Red with purplish hue                                                                                                                                                     |
| <b>Degustation</b>            | A supple wine that recalls St Joseph's style of bistrots as it existed before the fashion of strong extractions on syrah: mineral wine and fruit with the magic of syrah. |
| <b>Temperature Of Service</b> | 15 °C                                                                                                                                                                     |
